

# We Miss you

“ We miss you, Pope Francis,  
your light so pure and kind.  
A shepherd of compassion,  
with peace upon your mind.  
You walked with grace among us,  
with arms so open wide.  
Lifting up the broken,  
standing always by their side.  
Your voice still whispers mercy, though  
you're beyond the skies—  
A soul now with the angels,  
where love never dies.
